V-Plow® / Angle Plow®

- Patented Twister Tensioner® maintains consistent blade-to-belt pressure and its core is GUARANTEED FOR LIFE!
- Prevents premature component wear caused by material buildup on the return side of the belt.
- Eliminates uneven buildup on the tail pulley that leads to belt misalignment.
- Reduces downtime and labor costs with quick installation and minimal maintenance.
- V-Plow discharges material off both sides of the belt while the Angle Plow removes it to one side.
- Other available blade options are white, non-pigmented urethane (W), and extra high temperature green (XHT).

WHO IS ARCH ENVIRONMENTAL?
Manufacturer and worldwide distributor of preferred bulk conveyor components since 1975.

MECHANICAL DIVISION
Belt Cleaners • Belt Alignment • Sealing Systems
Dust Control Systems • Impact/Slider Systems

ELECTRICAL DIVISION
Belt Scales • Metal Detectors • Pull Cord Switches
Belt Protection Devices • Conveyor Control Systems
V-PLOW® / ANGLE PLOW®

High Temperature Blades (GREEN)
Temp Range: Up to 300 F

Non-Pigment Blade (WHITE)
Same as Standard Red Blades
Ideal for color sensitive materials
(ie. Borax, Soap, etc.)

Note: If available, prices vary with options.
